

# **WVSA Country Roads State League**

## **Mountain Division / Rivers Division**

### **Mission Statement**

Develop the level of soccer skills for the players in the state by providing a league so that you can compare your team against the competition in other parts of the state. Provide an opportunity for the WVODP Coaches to look at a greater quantity of players with higher-level skills during one weekend or two during the season. Provide an opportunity for players to be seen by in State College Coaches. Make available professional training for coaches and players of younger teams so that networking will become available between players and coaches.

### **League Divisions**

Rivers Divisions-A league for those teams of the highest quality and or desire to represent the State at the Region I Tournament. This would be for individual age groups from U-10 through U-19 Boys and Girls. A minimum of 4 teams with a maximum of 8 teams will be accepted per division. The games will be played in March and April with the league determining the seeding for the WV State Championships in May.

Mountain Division – would be divided into two divisions; North / South with the top two teams from each division playing for the championship in June. Games will be played over several weekends with the top two teams from the North Playing the top two teams from the South for the State Championship.

### **Game Situations and Hosting**

The Rivers Division will be playing their games during two or at the most three weekends in March and April. Sites will be set throughout the state, one for each age group. The hosting club will be responsible for providing two fields that can be used in March. WVSA will provide qualified referees and pay for their services as assigned by the state assignor or his regional assignor. Games will be played on both Saturday and Sunday of the first weekend date and the games remaining will be played at a close regional site for one day.

The Mountain Division games will be scheduled by the league director with each team submitting their open dates for games and a request to host. The participating teams at the rate set by the League Director will pay the referees in this division.

### **FEES and Benefits**

The Rivers Division will provide the players and teams the opportunity to play against quality teams that they will be competing against for the state Championships. The ODP coaches and College Coaches will be able to see the best in the state at one location in one weekend. The games will be played on two or three weekends allowing teams to schedule their other weekends. There will be a fee of **\$425**, which will cover the administrative costs, referees and post season awards.

The Mountain Division will be an opportunity for the ODP coaches to see the players and a chance for the local U-09 and U-10 program to receive training for the players and coaches from an ODP Coach. This will be done in conjunction with the games being hosted. The fees for this division will be **\$200** per team with the games all being played within driving distance of each team since the league will be broken down into both a North and South Division. A championship weekend in June will allow the top two teams from both the North and South to compete for the League Championship Trophy.
