February 4, 2010

To Whom It May Concern:

Please be advised that this player is a member of the West Virginia Olympic Development Program State Team. This program is the first step towards making the U.S. National/Olympic Team Pools.

Selected players will be traveling to regional ODP events the weekend of February 19/20/21 to compete against other states in our region. These games strengthen players' skills and prepare them for future competitions and, hopefully, a place on the U.S. National Team. This type of competition is necessary for the serious player who aspires to reach the National and Olympic teams. The educational and athletic opportunity presented help a player grow and mature in the sport and in life.

These events are a culmination of many years of training. They are some of the largest events available for players to participate in and be seen by college coaches. Over 150 colleges will be represented to evaluate and scout players at this event. It is our sincere hope that this player may have the opportunity to complete any required work/finals/etc. a few days early in order to be able to represent our state in this event.

If you have any questions, please do not hesitate to contact me. Information regarding the Olympic Development Program can be found at usyouthsoccer.org or wvsoccer.net

Sincerely,

Tina Mascaro
