

Return To Play Guidelines

Updated: 6/4/20 - 3pm

This document is to help guide your youth club or adult team to return to play. Everyone must take additional steps to help ensure members have a safe training and playing environment. These additional steps are outlined here and incorporate recommendations from the CDC, USOPC, US Youth Soccer, and US Soccer.

Clubs may be more restrictive but cannot loosen the requirements set forth by the convening health authorities.

WVSA requires following the CDC Guidelines for COVID-19. CDC Guidelines offer four areas for action in youth sports: Promote Behaviors To Reduce Spread, Creating a Healthy Environment, Utilizing Healthy Operations, and Preparing For Illness.

Club/Team Responsibilities:

- Create and distribute protocols to members.
- Confirm player registration and activation with your WVSA registration contact.
- Confirm with the state association what insurance coverage is in place.
- Provide adequate field space for social distancing.
- Plan to provide hand sanitizing stations and waste receptacles at fields for individual participant use.
- Prepare training and game day plans in accordance with these guidelines, as well as those from state and local authorities.
- Be sensitive and accommodating to players and parents who may be uncomfortable with returning to play at this time.

WVSA Return To Play Guidelines

Behaviors To Reduce The Spread Of Viruses

Wash hand with soap and water frequently.

Do not attend practice or game if not feeling well.

Cover coughs and sneezes.

Per public health recommendations, wear masks except when playing.

Avoid touching your face.

Follow all CDC guidelines as well as those of your local health authorities.

Mandatory Precautions:

	Coach	Club	Player	Parent
Wash with soap and water or use hand sanitizer during breaks in training and games and after training and games.	✓		✓	✓
No one should share food, drinks, towels, or other personal hygiene items	✓	✓	✓	

Recommended Precautions:

Post signage reminding members to practice good hygiene.		✓		
Message members with reminders about good hygiene.		✓		
Disinfect non-washable equipment like cleats, ball, guards, gloves.	✓	✓	✓	✓
Promptly leave after training and matches.	✓	✓	✓	✓
Avoid using locker rooms	✓	✓	✓	✓
Bring your own water bottle; do not share.	✓		✓	✓
Avoid carpooling.	✓	✓	✓	✓
Shower immediately upon returning home.	✓		✓	✓
Bring and use hand sanitizer to every training and games.	✓		✓	✓

WVSA Return To Play Guidelines

Create A Healthy Environment

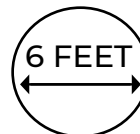

The CDC recognizes the importance environment plays in the spread of disease. They offer a number of important steps toward creating a healthy environment. The goal is to provide players the safest training and playing environment possible.

No sharing of water bottles, snacks, or equipment.

Per public health guidance, masks should be worn when at all possible.

Physical distancing should be observed by players when possible and by all others at all times.

Mandatory Precautions:

	Coach	Club	Player	Parent
Handwashing facilities should be available when possible.		✓		
Pinnies/Training vests should not be handled by anyone other than the individual player and should not be shared among players or teams.	✓	✓	✓	✓
Strict adherence to schedule. Prompt start; finish as scheduled. Prompt arrival and departure. Must have a minimum of 20 minutes between teams using the same field space.		✓		
Restrooms should be cleaned regularly (minimum hourly) using disinfecting cleaners; use should be as directed by the manufacturer.		✓		✓
Team "huddles" should observe social distancing; no handshakes, high-fives, fist bumps, etc.	✓		✓	
Parents should remain in their cars or designated "safe zone" during training.	✓			✓
Organize "stations" for each player at or around the bench area that are at least 6 feet apart in which players must keep all of their belongings. They shall be required to return to their "station" only during breaks.	✓		✓	
There will be no post-game handshake or contact. Players should clean up their gear and join their parents in their cars promptly. No post game snacks.	✓		✓	
Pre-game and half-time activities should observe social distancing; no handshakes, high-fives, fist bumps, hugs, etc.	✓	✓	✓	✓

Recommended Precautions:	Coach	Club	Player	Parent
Record all attendees (i.e. club officers, players, and coaches) at practices/games by club designee (coach, asst. coach, team manager at practice/team manager, field marshal, club COVID coordinator at games). This practice will aid in tracking if needed by public health authorities.		✓		
Must complete WVSA Screening Tool at every activity.		✓	Adults Only	✓
If more than one team is using a field for training at the same time, training areas should be at least 20 yards apart.	✓	✓		
Avoid training indoors but when allowed be sure the area is well-ventilated with good air flow.		✓		
Spectators are permitted at games. Those from the same home may sit together. Those from different homes must sit 6 feet apart. They should remain in their cars until shortly before kick-off and return to their cars immediately following the final whistle.		✓		✓
Concession stands are not recommended.		✓		

WVSA Return To Play Guidelines

Utilize Healthy Operations

CDC recommends establishing operational protocols that put in place the elements vital to player, parent, and staff safety.

Mandatory Precautions:	Coach	Club	Player	Parent
Staggered start times when multiple teams are using the same training site on the same night; staggered start times also apply on game day (minimum of 20 minutes between groups).		✓		
Home club will clean the technical areas with a disinfectant cleaner (follow manufacturer's usage instruction) prior to the teams from the next game arriving.		✓		
Before a club/team may begin to return to play, it must publish a notice to all players, parents and soccer families outlining the risks of returning and detailing how the club intends to minimize or eradicate those risks. Clubs should maintain record of parental/coach acknowledgement of risk.		✓		
All activities must be published as being voluntary. For If a child chooses not to attend tryouts, the club must accommodate that child's return at a later date.		✓		

Mandatory Precautions:	Coach	Club	Player	Parent
Clubs must provide hand sanitizer at each bench area for all activities.		✓		
All state and local health guidelines and protocols should be followed.	✓	✓	✓	✓
Before any and all activity (e.g. practice, tryout session, matches, etc..) coach, player and all adult participants health assessment must be made by completing the WVSA Screening Tool.	✓	✓	✓	✓
All club personnel and coaches MUST wear protective masks while at all team events.		✓		

Recommended Precautions:	Coach	Club	Player	Parent
Record all attendees (players, managers, club officers) at practices/games by club designee (coach, asst. coach, team manager at practice/team manager, field marshal, club COVID coordinator at games). This practice will aid in tracking if needed by public health authorities.		✓		
Plan for all player areas to be disinfected following every match and training session. Training for those disinfecting the player areas should follow the directions on the disinfectant label.		✓		
Provide adequate outdoor space for training.		✓		
Coaches alone shall be permitted to touch equipment, including training discs and cones; do not enlist help from players or parents.	✓	✓		

WVSA Return To Play Guidelines

Prepare For Illnesses

Mandatory Precautions:	Coach	Club	Player	Parent
Have a communication plan in place. <ul style="list-style-type: none"> Prepare to notify coaches and families if the organization becomes aware of a participant or a coach/admin has developed COVID-19 and may have been infectious to others while at a youth or adult activity. Maintain participant confidentiality regarding health status. 		✓		
Have an action plan in place, in case of notification of a positive test result.		✓		
Train and educate all staff on protocols and requirements, including state and local regulations, CDC recommendations and other necessary safety information.		✓		
Be prepared to shut down and stop operations.		✓		
Develop plans for temporary closure of indoor facilities and cancellation of outdoor activities or camps for proper disinfection.		✓		

WVSA Return To Play Guidelines

ADULT TEAM RESPONSIBILITIES

	Team	Player	League
Adult teams should follow the criteria listed above.	✓	✓	✓
Create and distribute protocols to members.	✓		✓
Have a communication plan in place. <ul style="list-style-type: none"> Maintain participant confidentiality regarding health status. 	✓		✓
Be prepared to shut down and stop operations.	✓		✓
Record all attendees – players/managers/club officers.	✓		
Check temperature before attending a game/practice.	✓	✓	✓
Do not attend the game/practice when not feeling well.	✓	✓	✓
Staggered games times and game arrival/departure procedures.	✓		✓
Practice physical distancing in the team bench areas.	✓	✓	
Minimize contact away from the game play.	✓	✓	✓
Bring and use hand sanitizer.	✓	✓	✓
Be sensitive and accommodating to players who may be uncomfortable with returning to play at this time.	✓		✓
Notify the league of a COVID-19 diagnosis.	✓
