2 of 7 Coaches Code of Ethics

I Accept

West Virginia Soccer Association CODE OF ETHICS FOR COACHES Coaching a team of young athletes for a West Virginia Soccer Association affiliated club or the Olympic Development Program is a high privilege that carries with it great responsibility. A coach should always demonstrate the highest ethical character and should serve as a role model for the players on his or her team. A coach must always remember the influence that he or she has over young athletes. The game is for the players. If at any time West Virginia Soccer Association shall determine that a coach has failed to fulfill these expectations and standards, that shall be cause to discipline, suspend, or remove the coach. 1. Soccer is the players' game. The paramount concern of coaches is the holistic development, welfare, enjoyment and safety of their players. A coach should never place winning above character or good treatment of athletes. While striving to win, a coach should deal honestly and fairly with players with regard to team selection and playing time, while remaining free to make decisions based on the best interests of the team as a whole. 2. Coaches bear responsibility for teaching their players to strive for success while playing fairly with the highest levels of sportsmanship, observing the laws and the spirit of the game. 3. Coaches shall treat officials with respect and dignity, and shall teach their players to do the same. 4. Our opponents are worthy of being treated with respect. Coaches will model such respect for opponents and expect their players to do likewise. 5. In both victory and defeat, the behavior of a coach shall model grace, dignity and composure. 6. Coaches shall adhere to the highest standards and the regulations of the institutions they represent: clubs, West Virginia Soccer Association, US Youth Soccer
